

Dairy Vending Promotion: School Newsletter Paragraphs

For parents or PTA newsletter

An easy way to get 3-A-Day of Dairy!

Did you know that nearly 90 percent of teenage girls and 70 percent of teenage boys don't get enough calcium in their diet?

It's important for teenagers to get the calcium they need for healthy bones, so we decided to take action! We are excited to announce the recent addition of our 3-A-Day of Dairy vending machine. This machine, which carries [REDACTED], will be located in the [REDACTED].

The new machine will be accessible to students throughout the day as well as after school, so make sure you remind your child to take advantage of the chance to get some dairy in their day!

For student newsletter
